Dear UMD Community,

We stand in solidarity and support for our Muslim students, faculty, and staff and for all those who are impacted by the viciousness and hate of the New Zealand mosque killings. Attacks like these are painful and are often times traumatic for those impacted. It is especially devastating that this happened in a sacred environment of peace and prayer.

Unfortunately, we are living in times where hate surrounds us, and we must restore our sense of community. The Office of Diversity and Inclusion (ODI) will coordinate with campus support systems to hold space, formally and informally, for anyone impacted by this horrific attack. Our doors are open for anyone who needs support today. Below is a list of additional resources for you to contact.

In solidarity and peace,

Cynthia Edmunds
Interim Chief Diversity Officer
